IN BAD BUSINESS.

A Chicago Brewer's Son Killed While Robbing a Saloon.

Associated Press Leased-wire Service.

CHICAGO, Sept. 11.—Thomas Cantwell, son of Thomas Cantwell, president of the Eagle Brewing Company, was shot and instantly killed at 2 o'clock this morning by Thomas Morgan, a bartender at the saloon, No. 200 State street.

Cantwell and two other men, whose names are not known and who escaped, entered the saloon as the bartender was counting the proceeds of the day's sales and demanded the money. Cantwell was in good advance of the others, and covered the bartender with a revolver, at the same time telling him to hand over the money. Morgan hesitated, and one of the men went behind the bar to help enforce the demand. Morgan, who is an ex-pugilist, quickly dodged behind the bar, seized a revolver and blazed away at Cantwell. The shot struck him just over the right ear, and killed him instantly. He fell to the floor of the saloon, while his two companions, without waiting to secure the body, fled from the room, Morgan sending a second shot after them, which did not take effect.

The reports of the revolver attracted the attention of officers who arrested Morgan and locked him up at the station, pending further developments.

MARRIED BY FRAUD.

A Fifteen-year-old Girl is Divorced After Four Years.

Associated Press Leased-wire Service.

PRINCETON (Ill.), Sept. 11.—Merry Barbero, 15 years old, of Spring Valley, has been granted by the Circuit Court a legal separation from John Barbero, who has claimed to be her husband for the last four years. It was shown that the marriage license had been obtained by perjury, and that the answers at the pretended marriage were made by a feminine friend, the girl not knowing the import of what was being said, she being but 11 years old at that time; also that the husband since the date of the marriage succeeded in maintaining silence by the use of the most violent threats.

A LUCKY DISCOVERY.

A Section Foreman Prevents the Wrecking of a Train.

Associated Press Leased-wire Service.

BOISE (Idaho), Sept. 11.—An attempt was made tonight to wreck the west-bound train on the Oregon Short Line, at Owyhee bridge, twenty miles east of Nampa. A rail had been loosened on the bridge, which is forty-five feet high. It was discovered by the section foreman just before the train arrived, and he flagged the train. An armed man, mounted, was observed on a hill making signals. This man afterward appeared again and fired two shots at the foreman. A deputy United States marshal and posse are in pursuit.

BED MEN.

The Grand Council of the Order Convener at Binghamton.

Associated Press Leased-wire Service.

BINGHAMPTON (N. Y.), Sept. 11.—The Grand Council of the Improved Order of Red Men of the United States convened today. Over one hundred representatives were present. The Great Sun Council was organized. A parade was held this afternoon, in which Gov. Flower participated. This evening a reception was held. The business of the council will be transacted tomorrow.

THE MORNING'S NEWS

The Times

## ASSOCIATED PRESS REPORTS BRIEFED.

(BY TELEGRAPH) A magnificent spectacle at the G.A.R. reunion at Pittsburgh—one of the most notable parades of the kind that ever took place. Over 500,000 people witness it. The fight for commander-in-chief, etc., etc. A treaty arranged between Korea and Japan. The former's independence is guaranteed. The latter to keep up the war with China... Jackson refuses point-blank to sign articles to fight Corbett—the latter will meet him at any time, if possible.... A Phoenix (Ariz.) stage robbed by two masked men.... Battery D of Chicago on the point of mutiny because it did not get its pay for going against the strikers.... Maine's Republican majority is phenomenal—Every city turns to the Grand Old Party—Chairman Manley sends a greeting to Mr. Este and California.... Colorado men on the Colorado River land swindle.... The grand Council of Red men in session.... Peach day at Grand Junction, Colo.... Steamer Portia, with the Cooke Arctic explorer, sinks a schooner.... Mexican Mexicans fight a duel over another man's wife.... Terre Haute will receive Salisbury's horses.... The Springfield club races for diamonds. Telegrams were also received from Pittsburgh, Chicago, New York, Board Brook, N. J., Detroit, St. Louis, Cincinnati, Harlem, Ill., San Francisco, Sacramento, San Diego, Philadelphia and other places.

Associated Press Leased-wire Service.

WASHINGTON, Sept. 11.—A telegram was received at the Japanese Legation this afternoon that an important treaty has been negotiated between Korea and Japan, which authoritatively defines the relations of the two countries to each other and toward China.

**"OILY GAMMON."**

**"Parson" Davies Saves His Little Wad.**

The Astute Manager of Peter Jackson Refuses to Let Him Sign.

Monroe Salisbury's Horses Welcome at Terre Haute — The Cyclers' Diamond Meet — A Valuable Stallion Sold.

Associated Press Leased-wire Service.

CHICAGO, Sept. 11.—Mr. Webster of Sioux City, who, in pugilistic circles, has become known under the name of Edward Lloyd, left New York for Chicago to meet Peter Jackson this morning. Lloyd represents the citizens of Sioux City, who are desirous of having their town selected as the Corbett-Jackson battle ground. A telegram was received from him en route, dated Cleveland, saying:

"Have requested meeting with Jackson at the Briggs House at 11 a.m."

(Signed) "EDWARD LLOYD."

Lloyd brings with him articles of agreement that have been signed by Corbett, and only need the signature of Jackson to make the big battle a "cinch" for the Iowa boy.

Lloyd met Jackson and his manager, "Parson" Davies, at the Briggs House at noon. Lloyd produced papers which Corbett had signed in New York. Jackson glanced over them and at once said they would not do. "I will fight for your purse and a side bet of \$1000," he said; "but the fight will have to come off within three months."

"That's the idea exactly," said Davies. "Corbett is on the stage now and we don't intend to advertise him until next May or June. This agreement calls for a fight between May 15 and June 15. Now you people in your place and make the date within the next three months and Jackson will sign."

This Lloyd said he could not do, and Davies proceeded to pick flaws with the papers. He declared the deal did not look honest. No place was named. There was no specification as to whether the men would fight ten rounds or twelve. To clinch it, the whole master had a peculiar look. Jackson chimed in with an objection to the fighting place. "I want to fight to take place in a field or tent."

Lloyd became considerably excited over the fun that Davies poked at the papers, and kept repeating that he had to afford a safe, necessary signatures. He declared positively, however, that he could not bring off the fight in the time specified by Jackson.

"It's three months or nothing," declared Davies, and Jackson added, "That's right."

"Well, it's off," said Davies, as he picked up his hat. "I don't like the looks of this thing anyway."

It was announced later that Jackson would leave for New York tonight and immediately sail for the West Indies, whence he will go to London. "It's apparently useless to try to get a fight with Corbett," he said. "I could not afford to let myself do nothing all winter when Corbett was on the stage making money out of the advertisement this fight would give me. I will try London for a while."

CORBETT WOULD FIGHT AT ANY TIME.

WASHINGTON, Sept. 11.—Champion Corbett talked freely with an Associated Press reporter tonight concerning Jackson's refusal to sign the articles for a fight under the auspices of the Sioux City Athletic Club next year. He expressed his hearty disgust at Jackson's actions and reiterated his oft-repeated warning to the world that he would fight him. Corbett justified that Jackson's objection to those portions of the articles that failed to point out the place of fighting, and the duration of the contest, were very trivial, and ought to have no consideration in the minds of the people. He pointed out in connection with his fight with Jackson that he had no objection to the place and time of the fight even the day before the battle. All Jackson was now after, he said, was to secure his \$10,000 deposited in Chicago, and then get out of the country.

"You will not accommodate Jackson by agreeing to fight him within three months, as he desires," the reporter asked. "Certainly, I will fight him in three months, or in two weeks, or even tomorrow, if it were possible," replied Corbett. "But what is the use of saying that, for Jackson knows the Sioux City Club can't make arrangements to pull off the fight in time." Corbett added, "He would not fight me in the South. Now, there is an opportunity to fight in the North, he shows his unwillingness to meet me by refusing to sign articles for a contest."

CORBETT'S FIGHT BEFORE EDISON.

NEWARK (N. J.) Sept. 11.—Judge Depue in opening the Essex county court today charged the grand jury in regard to the Corbett-Courtesy fight in the Edison Laboratory at Orange. The Judge said the grand jury must carefully look into the case, and if they found the published reports in the newspapers to be true, the two men were liable to indictment on the charge of prize-fighting.

EASTERN BASEBALL.

Pittsburgh Wins Two Games With Nearly Simila Scores.

PIITTSBURGH, Sept. 11.—First game: Pittsburgh 9, base hits 11, errors 4. Batteries—Hutchinson and Schriver; Staley and Ganzel. Umpire, McQuaid.

CHICAGO-BOSTON.

CHICAGO, Sept. 11.—Chicago 12, base hits 20, errors 4.

Boston 2, base hits 6, errors 3.

Batteries—Cochrane and Sugden; Taylor, Johnson and Clements.

Batteries—Young and Zimmer; German, Meekin, Wilson and Farrell.

Umpire, Bettie.

Second game:

Cleveland 1, base hits 4, errors 5.

New York 9, base hits 13, errors 3.

Batteries—Cupp, Farrell and O'Connor; Meekin and Farrell.

Umpire, Bettie.

RACING FOR DIAMONDS.

Trial Heats in the Springfield Club's Bicycle Tournament.

SPRINGFIELD (Mass.), Sept. 11.—A stiff northeasterly wind blew across the Hampden Park track today when the trial heats for the Springfield Bicycle Club's diamond tournament were run off. The great surprise of the day was the defeat of Harry C. Tracy in the first of the trials for the one-mile intermission race. He had been so far ahead until too late and was displaced by such men as Ray McDonald, George Taylor, Watson Coleman and J. P. Bliss. Tracy also lost his place in the one-mile class. Bliss was outside in the half-

mile handicap. Sanger rode in great form. Some of the summaries of the trial heats are as follows:

First heat, half-mile handicap, the following qualified: A. I. Brown, McDonald, L. C. Johnson, Sanger, Warren, and the First heat, 1 mile, time 1:30 3-5. Third heat, Bald, Tyler, Callahan, Taylor, Brandt; time 1:14 5-6.

One-mile scratch, class B: First heat, Cabanne, Bald, Titus, Tyler; time 3:03 4-5. Second heat, Sanger, Coleman, McDonald, and the race; time 2:23 4-5. Third heat, McDonald, J. S. Johnson, Taylor, Warren; time 2:05.

Last trial, mile handicap, class B, first heat: L. C. Johnson, Callahan, Nelson, Goehler, Lumens; time 2:43 4-5. Second heat, J. S. Johnson, Titus, Kennedy, Silvie, Cabanne; time 2:29 1-6. Third heat, Sanger, Bliss, Coleman, Warren; time 2:05.

Trial, half-mile, open, class B: First heat, John Johnson, Brown, Warren; time 1:29. Second heat, Tyler, Bald, Taylor; time 1:18. Third heat, Sanger, Cabanne, Taxes; time 1:25 4-5. Fourth heat, McDonald, Githens, Miller; time 1:17 2-5.

TERRE HAUTE OPEN.

Monroe Salisbury Given the Freedom of the Track.

Associated Press Leased-wire Service.

TERRE HAUTE (Ind.) Sept. 11.—President W. P. Ijams of the American Trotting Association announced today that the Terre Haute Trotting Association would allow all the Monroe Salisbury horses to start here, notwithstanding the latter's reputation by the National Trotting Association.

"They are not concerned in that," said Ijams, "and do not propose to trouble our heads about it."

Heretofore expulsion by one association has been supposed to mean expulsion by the others.

THE ASSOCIATION MEETING.

TERRE HAUTE (Ind.) Sept. 11.—It was an ideal racing day for the opening of the Terre Haute Trotting Association meeting.

The track was heavy when the Clark Horse Review representative stallion race, valued at \$21,725, was called. But it became faster after every heat and in the 2:10 trot Azote knocked 1 1/4 seconds off of her time.

The 2:40 class, trotting, two-year-olds: Whaleback won the third and fifth heats and the race; time 2:31 1/2. McLane won the first heat in 2:28 1/2. Director's Son, Kiou and Eight others also started.

The 3:20 trotting: Mountain Maid won the third, fourth and fifth heats and the race; time 2:22 1/2, 2:24 1/2. Prince S. won the first heat in 2:22 1/2. Jim Nutwood won the second heat in 2:21 1/2. Eight others also started.

The 2:40 class, trotting, two-year-olds: Whaleback won the third and fifth heats and the race; time 2:31 1/2, 2:29. McLane won the first heat in 2:28 1/2. Director's Son, Kiou and Three others also started.

At Latona.

CINCINNATI, Sept. 11.—Pittsburgh won, Monroe second, Equator third; time 1:30 1/4.

One mile: Egbert won, Proboscis second, King third; time 1:44.

Six furlongs: Wigham won, Clemence second, King Charles third; time 1:29 1/2.

Five and a half furlongs: Heisse won, Lillian C. second, Doctor S. third; time 1:10.

Four and a half furlongs: Helen N. won, Beeby second, All Over third; time 0:57 1/2.

Four and a half furlongs: Mountain Maid won, Lucy Lee second, Annie M. third; time 0:56 1/4.

HARLEM (Ill.) Sept. 11.—Six furlongs: Montesa won, Frank Farmer second, Kritis third; time 1:16 1/4.

One mile: Fresh Measure won, Jennie W. second, Teets May third; time 1:54.

Six furlongs: Young Arion won, Zerobee second, Gies Boy third; time 1:17 1/2.

One mile: Four and a sixteenth: Beanie Bishop won, Casson second, Joe Murphy third; time 1:50 1/4.

Six furlongs: St. Patricrus won, Houseman second, May Fern third; time 1:16 1/4.

Six furlongs: South Park won, Aspin second, Kingsbury third; time 1:18 1/2.

MADISON CARD.

SAINT LOUIS, Sept. 11.—Five furlongs: Montesa won, Frank Farmer second, Kritis third; time 1:16 1/4.

One mile: Fresh Measure won, Jennie W. second, Teets May third; time 1:54.

Six furlongs: Young Arion won, Zerobee second, Gies Boy third; time 1:17 1/2.

One mile: Four and a sixteenth: Beanie Bishop won, Casson second, Joe Murphy third; time 1:50 1/4.

Six furlongs: St. Patricrus won, Houseman second, May Fern third; time 1:16 1/4.

Six furlongs: South Park won, Aspin second, Kingsbury third; time 1:18 1/2.

MADISON RESULTS.

ST. LOUIS, Sept. 11.—Five furlongs: Royal Flush third; time 1:08.

Four and a half furlongs: Sam Watkins won, Eddie Reid second, Uprise third; time 1:09.

Five and a half furlongs: Sam Watkins won, Eddie Reid second, Uprise third; time 1:09.

Four and a half furlongs: Republic won, Courtney second, Tim Dunn third; time 0:58 1/2.

Six furlongs: Lemon Blossom won, Irish Pat second, J. B. Freed third; time 1:20 1/2.

HALL AND CHOYNISKI.

LOUISVILLE, Sept. 11.—Jim Hall and Joe Chyniski won, All Around second, a round bout for the gate receipts at Tattersalls, Chicago, on October 1. Hall met "Parson" Davies at West Baden, Ind., yesterday and completed the arrangement for the bout.

STOLE THE PRIZE.

ROUND BROOK (N. J.) Sept. 11.—Alex Sheldin's racing stable near here was entered last night and its prize stallion, valued at \$15,000, stolen. The horse, ridden by a negro, was seen passing through the town in a northerly direction.

FRAKER'S FREAK.

The Missing Doctor is Said to Be a Woman.

Associated Press Leased-wire Service.

NEW YORK, Sept. 11.—There was an excellent attendance at Gravestend today, the chief attraction being the running of Domino in the Culver stable at six furlongs with Stonewall. There was little doubt of the result, as Domino never looked like anything but a winner and got the first place at the end without raising anything.

Five furlongs: Fidelity won, Canterbury second; time 2:12 1/2, 2:18 1/2, 2:19 1/2.

The 2:10 trot, purse \$1500: Azote won the second, third and fourth heats and the race; Cut Glass won the first heat. Queen Alah, Norvin G. Axthia, Baron Dillon and three others also started; time 2:17, 2:14 1/2, 2:14 1/2, 2:14.

Trotting, 2:28 purse, \$1000: Billy Bottom won, Flying Dutchman second, Golden Rod third; time 2:18 1/2, 2:20 1/2.

Six furlongs: Leopold's Flying Dutchman won, Franklin second, All Around third; time 1:55 1/2.

Six furlongs: Domino won, Stonewall second; time 1:52 1/2.

Six furlongs: Liseak third; time 1:13 1/2.

One and one-sixteenths miles: Gallie won, Hyerbad second, Prig third; time 1:48 1/2.

Five and a half furlongs: Connoleur won, Flying Dutchman second, Golden Rod third; time 1:16 1/2.

Six furlongs: By Jove won, Plenty second; Leonswell third; time 1:15 1/2.

Six furlongs: Little Billy won, Adelbert second; Miss Dixie third; time 1:15 1/2.

J. E. Haggis purchased Bassettaw for \$700 and Golden Dawn for \$1500.

STATE FAIR EVENTS.

Aria and Cibolo Win—The Third Race Unfinished.

Associated Press Leased-wire Service.

## COAST RECORD-I MEN WITH MASKS.

**Two of Them Hold Up the Phoenix Stage.**

**The Six Passengers Compelled to Deliver Up Their Valuables.**

**Chris Buckley Swears Against Popper—Gen. Ezeta and Sentimental Females—Dairymen and Wine-growers.**

*Associated Press Leased-wire Service.*

**PHOENIX (Ariz.) Sept. 11.—The Prescott and Phoenix bound stage was held up last night at 9 o'clock, two miles this side of Congress mine. There were six passengers, among whom were Hon. A. J. Doran of Florence, J. C. Martin, editor of the Journal-Miner of Prescott; C. M. Funston, editor of the Sun of Flagstaff, and Dr. G. W. Vickers of Prescott. They were delegates and on the way to the Republican Territorial Convention at Tucson.**

**There were two robbers, masked with gunny sacks. When the stage came to a halt the passengers were ordered out, and lined up, and were asked to make contributions. These were unsatisfactory in volume, and a more thorough search was made. The robbers obtained three gold watches and less than \$100 in cash. Funston asked to be allowed to retain his watch and it was returned to him. Toward the end of their work the robbers grew nervous and hurried the passengers back into the stage and ordered the driver to proceed. The robbers are supposed to be the same men who held up the store near here a week ago. A deputy sheriff is in pursuit.**

**All passengers were old Arizonans except one, a young Eastern tourist, and he had the only gun in the crowd, a 22-caliber revolver. Other passengers compelled him to put it in the valise before leaving the last station.**

### THE LOMBOCK WAR.

**A Violent Insurrection of Natives Against the Dutch.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—D. T. Timons, a graduate of Cambridge, England, who has been traveling for the past eight months, arrived here from Batavia, Java, in company with several friends today. He says there is a violent insurrection of the natives on the Island of Lombok against the Dutch rulers. The native island King has joined forces with the natives, and unitedly they are doing all they can to throw off the Dutch yoke. War is in actual progress. How many have been killed on each side is not known, but at the last engagement, the Dutch forces were repulsed. In Batavia there was great excitement.**

**"Everybody expected," said Timons, "that the revolution would spread, and it was thought that the war might be long and bloody. A month ago, when I was there, communication was almost entirely cut off. The rebels, too, had been repulsed. The government had seized all the steamers and mailing vessels and pressed them into service. There was a single French steamer running, and on this I managed to get passage."**

**The Dutch were then collecting all the troops available, readying for the island as fast as possible. Up to the time I left Batavia they had sent 6000 from that port. The Island is large, and contains the rich tin mines. It also produces a very large amount of coffee, sugar, indigo, fruits and other crops. It is very thickly populated.**

**Nothing has been known of this war except as communicated by a brief dispatch some weeks ago.**

### FREE WOOL.

**Frisco Dealers Delighted, According to the Examiner.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—The Examiner says: "Free wool is now a fact, and the stimulus to the trade has already been very marked. Prices have advanced, and the San Francisco warehouses are nearly empty. Local dealers, as well as those all over the Union, are delighted, and they see no reason why there should ever be a duty on wool."**

**Manufacturers and dealers everywhere are taking kindly to the new order of things, for there has been an increase of 30 per cent in the quotations on wool in the past six days, and this in spite of the persistent cries of calamity howls that free wool would destroy the industry. Business promises to be better than it has for years. In the East millions of dollars are being expended for machinery for the manufacture of a superior grade of goods, and there is a strong probability that similar expenditures will be made in the West, particularly on the Pacific Coast. Many of the mills are now running to their full capacity, to meet their orders. The foreign wool market is very strong, and the advance in foreign and domestic wool is regarded as a substantial one."**

### BLANK CARTRIDGES.

**How a British Warship Hailed the Mariposa.**

*Associated Press Leased-wire Service.*

**VICTORIA (B. C.) Sept. 11.—While Her Majesty's steamer Hyacinthe was on the way to Hawaii and the small steamer Mariposa was on the way here, the vessels met and Mariposa was transferred from the Hyacinthe for San Francisco. It appears that in order to intercept the Mariposa, the Hyacinthe took up a position. Fall of the object, she fired two blank cartridges. This has been magnified to the extent that it is said the Hyacinthe fired across the Mariposa's bow. The commander of the warship supposed the Mariposa to be an English vessel.**

**The Honolulu Advertiser says that if the original story were true it might be serious, but that it is not true to give Capt. May's reason as above to silence the story of an outrage on an American mail steamer.**

### A MUCH-SOUGHT MAN.

**Gen. Ezeta Experiences the Annoyances of Notoriety.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—The fate of Gen. Antonio Ezeta and the three other Salvadoran refugees who are detained here will not be decided, in all probability, until some time next week. Their cases were recalled in the United States District Court today. After Judge Morrow had sustained a formal demurser to the defendants' plea of lack of jurisdiction, the argument was between the counsel for the government and San Salvador. The opening argument will not be concluded before tomorrow noon, and it is not probable that the case will be submitted to the court before next week.**

**Gen. Ezeta proves to have a fascinating influence over sentimental women of a certain class. This afternoon he and his brothers, who have been sent to him by these admirers. Several women, who make no attempt to conceal their admiration of the dapper-looking Spanish-American, have been constant attendants on the proceedings in court. One handsome Spanish**

### DISHONEST PRACTICES.

**A Large Attendance at Their Annual Convention.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—The first annual convention of the California Dairy Association met here today, with a large attendance of dairymen from all parts of the State. After the address of welcome by W. H. Holcomb of the San Francisco Produce Exchange, A. P. Martin of Petaluma made a fitting response. President Burdell spoke of the encroachments of oleomargarine into the dairy business and advocated the establishment of a department in dairy inspection.**

**The Association of San Francisco read a technical paper on "Creameries—The Application of Scientific Methods Thereto for the Advancement of Dairy Interests."**

**Various committees were appointed, and the convention adjourned until evening.**

**The board of directors for the ensuing year were elected as follows: John Steele, San Bernardino; E. S. Steele, San Luis Obispo; H. M. Le Baron, Victoria Ford; J. J. Hevins, Salinas; J. R. Burdell, Novato; W. Niles, Los Angeles; W. N. Russ, Fremont; P. Logunazinski, Cayucos; R. H. Brown, Pasadena; A. B. Martin, Petaluma; Samuel F. Watson, San Francisco.**

**At the close of the meeting the dairymen and dairymen's officers of the association voted as follows: James B. Burdell, president; William E. Steele, San Francisco, treasurer; Committee on Membership—H. M. Le Baron, P. Logunazinski, A. B. Martin; Committee on Finance—J. J. Hevins, John Cole and R. H. Brown; Executive Committee—E. A. Steele, Samuel E. Watson and W. N. Russ; Legislative Committee—E. A. Steele, William Niles and R. H. Brown.**

### THE WINE-GROWERS.

**Another Convention Succeeds in Approaching Unity.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—The delegates elected last week to represent the various wine-growing districts of the State in a convention to consider how best to further their common interests, met here today in the rooms of the State Viticultural Commission. A free discussion of the questions involved left no doubt that all the delegates present favored the formation of an organization of some kind through which the various wine-growing interests might be harmonized. Finally a committee of seven was appointed to draw up a plan of organization. Late this afternoon this committee reported in favor of the organization of a co-operative association of the wine-growers of all districts of the State, whether such makers manufacture sweet or dry wines. It was suggested, too, that distinct associations be formed, and in the absence of agreement on this point was adopted by an executive committee consisting of one delegate for each of the wine-growing districts of the State. These recommendations were endorsed, and the committee granted further time for the arranging of details.**

**A Streetcar Robbed.**

**YUBA CITY, Sept. 11.—The Yuba City and Marysville street car was held up by the highwaymen, last night, while the drivers and robbers of all the money at the muzzle of a pistol. A Chinaman on board the car was also robbed and a lady passenger was roughly handled. The robbers have not been caught.**

**LAPS AND ESQUIMAUX.**

**County Assessors May Retain a Percentage of Poll-tax.**

*Associated Press Leased-wire Service.*

**SAN FRANCISCO, Sept. 11.—The Supreme Court has decided that County Assessors are entitled to retain a percentage of the poll-tax collected by them. The county of San Luis Obispo sued County Assessor Feltz to recover percentages of personal property taxes and State and road poll-taxes retained by him as compensation for making the collections.**

**The Superior Court decided against him with regard to the State and road tax. The Supreme Court holds that Feltz is entitled to retain 15 per cent. of the poll-taxes which he keeps in accordance with a legislative enactment.**

## THE DEMOCRATS.

### They Meet and Make Several County Nominations.

Andrew McNally Chosen for Sheriff and I. E. Messmore for Clerk.

Mrs. Kate Tupper Galpin is Recognized After Many Futile Efforts—She is Now a Democratic Candidate.

The Democratic County Convention met yesterday in New Turners Hall, and after laboring all day and a portion of the night, managed to make five nominations.

In the first place, realizing, no doubt, that they must take up some candidate who can obtain votes outside of the party, the Democrats chose Mrs. Galpin's name to adorn their ticket as nominee for County Superintendent of Public Schools. Then they nominated Sheldon Borden and R. H. Chapman for Superior Judges, Andrew McNally for Sheriff and I. E. Messmore for County Clerk.

Many of Mr. Messmore's friends were opposed to having that gentleman run for such a small office, after having received so much distinction while in the race for the Congressional nomination, but the candidate seemed to be as appreciative of small favors as he would have been of larger ones, and accepted the decision of the convention with thanks.

A number of ladies were present all day, and they evinced a lively interest in the early part of the proceedings.

The Friday Morning Club, with Mrs. Kate Tupper Galpin, tow, were out in full force, and occupied prominent positions on the stage. Their presence plainly evidenced the earnestness of the cause of Mrs. Galpin to endorse the Republican platform, when called upon to do so, as a candidate for the School Superintendency at the convention last week, for it had evidently been the lady's intention to make plea for endorsement before every organization boasting political affiliations in the county.

Prof. Le Roy D. Brown, who has held the position of City Superintendent of Schools during the past term, came into the convention to meet a number of country friends among the delegations, and, as he was chatting with an acquaintance in the central aisle, Mrs. Galpin, from a position of vantage on the stage, espied him. She thought, perhaps, that Prof. Brown might be maneuvering adversely to her interests, and she hastily summoned one of her followers and said hurriedly to him: "Do you see that man with a full beard sitting down there alone? Well, if he says anything against me, just bring him up here." The satellite vanished immediately, but as Prof. Brown was not brought up a prisoner, it was inferred that he was doing Mrs. Galpin's cause no material injury.

Even with the evident feeling that she could not win the support of the Republican flood, the Democrats failed to nominate Mrs. Galpin on the first ballot, and a second one would not have decided the choice, had not a number of delegations changed their votes.

The convention met shortly after 10 o'clock a.m., and at 10:30 broke in the evening adjourned until this morning.

Preliminary Work.

THE CONVENTION ASSEMBLED FOR THE MORNING SESSION.

There was a dull沉寂 of delegates on the floor of the convention at 10 o'clock, and every one seemed anxious to get down to business as soon as possible.

Candidates, both of the Populist and Democratic faith, were to be found hard at work pleading with the members of the convention for support, and no one seemed to lack employment. At the outset, the chairman stated that it seemed necessary to have the Committee on Credentials and Order of Business meet to consider certain nominations, and, after calling for their attention, it was voted that these committees assemble at once.

J. Marion Brooks wanted the Committee on Platform called together also, and he so moved. The motion was voted down at first, but J. W. Mitchell arose and asked a reconsideration, as he believed that it would be only fair to call the Democratic State platform to order.

The committee met together again for the purpose of discussing how to strengthen anti-U.P.-classism existing among the planks.

A ten-minute recess was taken while the committees retired.

The Committee on Credentials made their supplemental report, seating several additional delegates from precincts previously unrepresented.

Delegates in the Republican convention moved that as ladies were present no smoking be allowed. Chairman Allen stated that no gentleman would smoke under the circumstances. When a Democratic delegate made a similar motion, the yeas and nays were taken, although it was unnecessary to state that there were no dissenting votes.

The Committee on Order of Business made a short additional report, which was adopted.

The ladies on the platform had become worried at seeing a number of gentlemen, not delegates, and antagonistic to the Galpinites, and the result was that the publicans were collecting votes. Stephens thereupon announced that all Republicans should be excluded. A delegate arose and cried "And Populists, too."

The sergeant-at-arms was instructed to see that the floors were kept clear of spectators, and, as the result, bad enough occurred to venture into the solemn conclaves, the peace officer found but little to do in carrying out the letter of the order.

When business was resumed, Adolph Raish moved that County Central Committee be elected from delegates only from the various delegations.

There was considerable opposition to this motion, and much oratory was wasted in arguing against it.

John W. Mitchell, on behalf of the Committee on Resolutions, stated that it would be some time before the committee would be ready to act, and that, in view of that fact, it would be wisdom to adjourn until 1:30 o'clock.

A motion that an adjournment be taken prevailed.

Afternoon Session.

MRS. GALPIN BECOMES A DEMOCRATIC CANDIDATE.

Chairman Stephens made some more points in the speech at 1:30 o'clock, and finally succeeded in securing the attention of the convention. The Committee on Resolutions had been having a long session, and were not quite ready to report. They came in a short while later, prepared for business.

The officers in charge of the convention announced several days ago that no outsiders would be allowed to circulate about the floor of the convention, but their threats proved hollow. Too many previous candidates and their friends were busily engaged in talking to the delegates, and a large-sized lobby was in attendance at the rear of the hall.

R. D. Dunson, who was a delegate to the

recent Populist convention, penetrated through the crowd to a position where he could view the proceedings, and possibly cast his "evil eye" about the representatives of the party he so lately forsook. Numerous other Populists were conspicuous in different parts of the building.

MORE PLATFORM PLANKS.

The Committee on Platform and Resolutions presented the following report, after two hours' deliberation:

"The Democracy of Los Angeles county in convention assembled, deem it proper at this, its second session, to supplement the former platform by the following additional resolution:

"Resolved—We heartily subscribe our endorsement to the principles laid down in the platform adopted at the late State convention held at San Francisco.

"Second—That we differ from the Republican party in that we believe that local issues are of more importance than national, with reference to State and County affairs and we therefore declare:

"First—We heartily subscribe our endorsement to the principles laid down in the platform adopted at the late State convention held at San Francisco.

"Second—That we differ from the Republican party in that we believe that local issues are of more importance than national, with reference to State and County affairs and we therefore declare:

"That we demand rigid economy in the collection and disbursement of all public money, particularly in local affairs where taxation is too high and benefit too small, and we believe that thorough reform in all departments of our local government will diminish the wastefulness and burdens of taxation which now oppresses the whole people.

"We demand in this connection a remodeling of the city and county government; the consolidation of all offices of emoluments and excessive salaries, fees and perquisites;

"That all assessments for purposes of taxation, whether for county, city, town, irrigation, school levy be made by one officer; that all taxes be payable in one place and that all delinquencies should be brought to the Friday Morning Club.

"The sum money in this county has at times been expended in a wasteful and indifferent manner, whereby the people have not derived a proper return. The Supervisors by a recent law now have the power to inaugurate a business-like system of road management, and we therefore favor the establishment of such methods as will insure the construction and repair of roads as will accomplish the greatest good with the least expenditure and without discrimination against any locality.

"The records of the county business are not kept in a uniform and reliable way, and we demand the prompt establishment of a simple and uniform system of city and county accounts similar to those existing in all large business enterprises."

"Third—We demand an absolute non-sectarian administration of the public schools of the county, and the removal of all religious control of their affairs as we are in favor of the advancement of the educational interests to the highest possible standard by the employment of the best talent attainable. We command the administration of the Tax Collector's office of the county under the only Democratic standard in the State. This office effected a saving of \$10,000 to the taxpayers of the county in the past two years.

"Fourth—We pledge our nominees to the State Legislature to use their best endeavor to abolish the mortage tax, the poll-tax and revise the Mechanic's Lien law so that it may be understood by the people and the courts and be enforced without needless expense."

"Fifth—The Democratic party, ever mindful of the welfare of the working classes, favors a legal eight-hour work day. We declare in favor of the continuance of the free labor bureau established by the city and county, and favor increased appropriations to extend its usefulness. We believe in such legislation as will place labor and capital upon a more equal basis and declare in favor of such legal methods of arbitration in the settlement of labor difficulties as will give to the working classes of this State equal rights with corporations and trusts in all labor disputes."

SUPERIOR JUDGES.

There were five names presented to the convention for consideration, they being those of Sheldon Borden, R. H. Chapman, J. T. Haux, J. P. Dunlap and Zee G. Pease.

It required but one ballot to decide the nominations, Sheldon Borden and R. H. Chapman being chosen. The total number of votes cast was 643, of which Chapman received 482; Borden, 451; Pease, 139; Haux, 177; Dunlap, 23.

Both candidates made short speeches when called upon and nominations for Sheriff were declared in order without delay.

THIRTY-SIXTH CONVENTION.

Ed Gibson, George Hines and Andrew McNally were named as the candidates for the nomination of Sheriff, and there were many seconding speeches for each. A delegate raised the cry that Gibson was the favorite of the U.P. and that he denied the charge.

Finally the calling of the roll was commenced. The country went strong for Gibson, and the city came to the support of McNally. The vote as announced was:

McNally, 323; Gibson, 310; Hines, 51.

The secretary stated that the total number of votes exceeded the numerical strength of the convention, and a second ballot was ordered.

The delegates paid their assent, and then the chairman said: "The next order of business is the nomination of two Superior Judges."

At Santa Ana.

A GREAT CROWD TO HEAR THE NEXT GOVERNOR.

Mr. Estes and party arrived in this city on the 3:45 o'clock south-bound train, and were driven to the Brunswick Hotel, where a short rest was had before the hour appointed for him to appear in Frank's Operahouse. Early in the evening the city began to fill up with strangers from the country and surrounding towns, and from that time it was evident that the attendance would surely equal, and perhaps exceed, the number who were crowded into the same building two years ago, when Gov. Markham addressed the Republicans to come and vote with the Republicans, but for God's sake don't start a hybrid party that will imperil so grand a country as ours is. He closed with an appeal to the good people of the vicinity to be loyal to truth, faithful to our country, obedient to God, and one cannot fail in the purpose for which we are laboring.

At the Friday Morning Club.

At the Friday Morning Club.

Mr. Estes and party arrived in this city on the 3:45 o'clock south-bound train, and were driven to the Brunswick Hotel, where a short rest was had before the hour appointed for him to appear in Frank's Operahouse. Early in the evening the city began to fill up with strangers from the country and surrounding towns, and from that time it was evident that the attendance would surely equal, and perhaps exceed, the number who were crowded into the same building two years ago, when Gov. Markham addressed the Republicans to come and vote with the Republicans, but for God's sake don't start a hybrid party that will imperil so grand a country as ours is. He closed with an appeal to the good people of the vicinity to be loyal to truth, faithful to our country, obedient to God, and one cannot fail in the purpose for which we are laboring.

At the Friday Morning Club.

Mr. Estes and party arrived in this city on the 3:45 o'clock south-bound train, and were driven to

**A PUBLIC NUISANCE.**

**The Frightful Condition of "Nigger" Slough.**

**A Plague Spot Down Near the Pretty Little Settlement of Gardena.**

**Urgent Necessity of Prompt Action by the Health Authorities of the County—Some Plain Facts.**

A serious condition of affairs has been developed in the otherwise flourishing neighborhood of Gardena, which, if it should not receive the prompt attention of the county authorities, may make work for the undertakers. A stough of filthy water, swelled in by cartooned hogs and another stough of stagnant water teeming with dead and decaying fish, on which swine feed, furnish the principal topics of conversation among the Gardena people.

South of, and about three miles distant from the town is a small lake partially filled with water. There are three or four arms to the lake, which is known as "Nigger" Slough. Where the lake now is the mud sits or seven years ago was dry nearly all the year. From some source, he never, supposedly from an overview of the San Gabriel River, the lake into which they had such a season filled with water and during the warm months the water had been gradually lowered by evaporation, although the lake has not dried up. There being less water, the water was not raised as high as in former years, and the evaporation this summer has lowered the water a good deal further in during any other dry season since the lake was first filled.

It is not out of the waters of the lake or slough, except by evaporation or seepage.

"Nigger" Slough has two or three principal forks which turn suddenly into other branches. The larger forks extend from two to three miles in a northerly direction toward the town of Gardena, one of the smaller ones to the east and another to the west of it. The former turns to the east extends across the lands of the Carson ranch, owned by George Carson. A part of the ranch is rented by a man named Edmonson, who keeps hogs there.

For the past three years carp and catfish have predominated in the lake, and the carp especially have increased rapidly.

In the fork beside which Edmonson now keeps the hogs, there one year ago seemed to be so many fish that they could not all live in the water. Thousands of them would begin to die and turn their sides upon the surface, when the ocean would sweep over them, the east bank, which has a gradual slope, 10 feet high, would be washed up on to the shore, while tons of them dead and dying would lie so closely together there was scarcely a place to stand between.

This year there are great numbers of fish in some of the other forms of the fish, and the water is so turbid which Edmonson keeps the hogs, even fish do not penetrate. The condition of the water there is well nigh impossible to describe, terrible it is. The water over a space of several acres is from one to two feet in depth, and is filled with slime of a typhoid-like character.

On the surface of the water there are quantities of variegated frogs, which go together with the prevailing red, making the ugly appearance simply frightful. The stems from the putrefying mass is almost cast a black eye on the inquiry for land prospective settlers, and the permanent abating of the nuisance, they believe, will be lasting benefit, and will more than compensate for a slight temporary injury.

campailler applied to the nostrils; in order to work it at all.

Two men were raked up onto the shore with wooden poles, and when this work was in progress hogs belonging to a French family named Baptiste, whose land extends to the slough, came down to the bank and fed on the fish, some of those hogs ate being so much decayed they would fall to pieces if it were attempted to pick them up with sticks.

Since that time the hogs have been kept buried as they appeared on the shore. The odor from the water, however, continues to be very obnoxious, and is thought to arise from more dead fish in it, which have not yet been washed ashore. The bank for a mile or two is now strewn with millions of dead skeletons.

The tufts which grow rank in places along the shore seem to aid in the destruction of the fish, the lowering of the water resulting from evaporation causing the fish to become entangled among the roots and die there. A number of quite large fish, which appeared to have been caught in the water were found floating in the water above on pieces of wood.

One of the most serious things about the stagnant water in the forks of the slough, as described, is the penetrating odor which arises and is carried to a great distance. The disagreeable smell has been observed at Long Beach, Compton, Redondo, Moneta, Howard, Summit and other places.

During the day, and particularly in the afternoon, the ocean breeze prevents the odor from being so bad to those who get near it. In the night and in the early morning, however, there is scarcely any breeze, and the smell works its way into houses if doors or windows are left open. It is necessary, in some cases, to shut the house tight in order to keep out the odor.

From the place above mentioned, where the water filled the rear rooms, the grave danger was anticipated. The water is lowered by evaporation more and more rapidly, and it is feared there will be left a mass of putrid matter.

It is being urged—and those who are urging it hope to see the Supervisors act on it—that a survey be made to ascertain if it is practicable to drain the slough into the ocean.

It is said that some of the Gardena people who hold property there for speculation rather than with a view to making improvements in it are using it themselves, have manifested a desire to improve the public the actual condition of the "Nigger" Slough, fearing that the publication of the facts about it would injure the value of land in the locality.

Other people, however, who have purchased property in the neighborhood of the slough, which is not intended to settle permanently and improve, are casting the opinion that it is poor policy to endeavor to conceal such an annoyance as that above described. They believe the matter should be acted on, to the end that some permanent relief may be afforded.

Of course the action of such an unscrupulous state of mind may temporarily cast a black eye on the inquiry for land prospective settlers, and the permanent abating of the nuisance, they believe, will be lasting benefit, and will more than compensate for a slight temporary injury.

**PELTON SUED.**

**Attachments Against the Architect at San Francisco.**

The San Francisco Chronicle of Sunday prints the following about John C. Pelton, the architect, who lived in Los Angeles during the boom, and under whose direction many buildings were constructed:

"An attachment was issued in the Justice Court yesterday against John Cotter Pelton, the well-known architect, son of John C. Pelton, the aged school-teacher, who is living in destitute circumstances in New York.

Linden Avenue. The development of the Linden Avenue in New York is plain.

On the surface of the water there are quantities of variegated frogs, which go together with the prevailing red, making the ugly appearance simply frightful. The stems from the putrefying mass is almost cast a black eye on the inquiry for land prospective settlers, and the permanent abating of the nuisance, they believe, will be lasting benefit, and will more than compensate for a slight temporary injury.

Every day sees the condition change for the worse—that is, if it can be worse. The lower the water becomes the more it is greater by the heat of the sun, and the greater is the evaporation. Judging from the situation on the edge of the bank, the water must be going down at the rate of nearly two inches per day, although this may be partially offset by seepage during the night.

At the edge of the bank swarm millions of flies. A people thrown into the water show that they are in an even worse light, and the bubbles which then arise to the surface make one shudder to think of what may be underneath.

The extremely filthy condition of the water has not caused the parties in charge of the hogs to keep the porkers well off the meat. Indeed, it is stated they will drink the water in preference to that dumped from a well at a distance away. The hogs, most of them, are free to run to the water and wallow in the slough, which many of them do, lying in it for a considerable time.

This is bad, but other things to be seen about the place are still worse. The lower the water becomes the more it is greater by the heat of the sun, and the greater is the evaporation. Judging from the situation on the edge of the bank, the water must be going down at the rate of nearly two inches per day, although this may be partially offset by seepage during the night.

## THE PUBLIC SERVICE

### Weekly Meeting of the City Council.

Numerous Bids for Street Sprinkling Presented and Taken Under Advisement.

Meeting of the Police Commissioners. Business at the Courthouse. The Supervisors and the Tax Levy.

Notwithstanding the seething of the political cauldron nearly all the municipal statements were about the City Hall yesterday. The Police Commission held a busy meeting in the course of which the Mayor said some pointed things about the Councilmen. Bids for street sprinkling were received by the Council and a large volume of business was acted on by that body.

At the Courthouse only a small amount of routine business was transacted.

#### AT THE CITY HALL

City Council. A BIG DAY'S BUSINESS—SPRINKLING PROPOSALS.

The City Council convened yesterday morning with all the members present.

In accordance with a request issued at last week's meeting of the Council, Meat Inspector Hayden was present and made an explanation in reference to the way he makes his reports. He stated that the reason why the meat or chickens condemned are from parties out in the country rather than from parties in the city is that calves are shipped from this city from Kansas or from Arizona rather than from those brought in from milk ranches in the neighborhood. Calves from the latter are sometimes so young they cannot be shipped. With chickens it is about the same way. Those sent from a distance to the milk companies are free from disease, while the small chickens are brought in town in small wagons. Mr. Hayden stated that the records of the Board of Health would show his treatment of all parties has been consistent.

The manager of the free labor bureau reported for the week ending September 8, 153 applications for employment and 118 positions filled.

A communication from the Park Commission, asking that some action be taken to prevent the seeping of the waters of Holzbecker Lake into the sewer running underneath, was referred to the Sewer Committee.

#### ENGINEER'S REPORT:

The City Engineer reported the following:

"Final ordinance, establishing the grade at Vernon street, between Seventh and Eighth streets." Adopted.

"Final ordinance, establishing the grade of Hill street, from the southeast line of the Masonic Cemetery grounds to Bellview avenue." Adopted.

"Ordinance of intention to sever Olive street, from Sixth street to Seventh street." Adopted.

"The total number of miles of improved streets in the city on August 31, 1894, is as follows: Grand total, 1,211 miles; paved, 11.8 miles; unpaved, 1,200 miles; total, 126.13 miles. In addition to this there is a portion of construction, and for which proceedings have been begun, 11.44 miles." Referred to the Board of Public Works.

"I have present amended specifications No. 12, for concrete sidewalks. Referred to the Board of Public Works."

"I also present specifications for a twenty-four-inch wooden pipe line on Lake Shore avenue, Second street and Fremont avenues from Echo Park to a point in Fremont avenue, south of Twenty-second street." Adopted.

"Ordinance of intention to establish the grade of Main street from Seaside to Palmside Street." Adopted.

"Ordinance of intention to sever Olive street, from Sixth street to Seventh street." Adopted.

"The total number of miles of improved streets in the city on August 31, 1894, is as follows: Grand total, 1,211 miles; paved, 11.8 miles; unpaved, 1,200 miles; total, 126.13 miles. In addition to this there is a portion of construction, and for which proceedings have been begun, 11.44 miles." Referred to the Board of Public Works.

"I have present amended specifications No. 12, for concrete sidewalks. Referred to the Board of Public Works."

"I also present specifications for a twenty-four-inch wooden pipe line on Lake Shore avenue, Second street and Fremont avenues from Echo Park to a point in Fremont avenue, south of Twenty-second street." Adopted.

"Ordinance of intention to establish the grade of Main street from Seaside to Palmside Street." Adopted.

"Ordinance of intention to establish the grade of Freeman street from Union avenue to the west city line." Adopted.

"Ordinance of intention to grade, gravel and gutter, construct a redwood curb and cement walk five feet wide on San Joaquin street, from Sixth street to Ocean View avenue." Adopted.

"In regard to Georgia Bell street, between Tenth and Eleventh streets, in which I was instructed to establish the grade, I find that the grade has already been established, but that it does not conform to the grade of the intersecting streets. I would therefore suggest that the grade of Georgia Bell street, before the streets named, be changed to meet the grade of said intersecting streets, a petition to change which would require a majority of the owners affected by said change. I would also recommend that Georgia Bell street be widened at Eleventh street. At present it is only thirty feet wide at that point. Referred to the Board of Public Works.

"In the matter of the protests against the improvements of Eighteenth street, from San Pedro street to Central avenue, I find as follows: The total frontage on said street, between said points is 4,000 feet, and the grade will be 2189 feet. The protests represent 1838.45 feet, being 349.58 feet less than a majority." The protests were denied.

"In the matter of the protests against the improvement of Bonnie Brae street, between First street and Temple street, find the total frontage between the points named, is 2851.21 feet, a majority of which would be 1426 feet. The protests represent 740 feet, being 66 feet less than a majority." Action on this was deferred for two weeks.

Councilman Innes moved that the City Clerk be directed to advertise for proposals as per specifications for the Arroyo de Los Reyes, between Fifth and Sixth streets and also between Ninth and Tenth streets. Referred to the Board of Public Works.

#### BIDS OPENED.

The time for opening bids having arrived the only proposal received for the purchase of a street railway franchise for Maple avenue from Seventh street to Fifth street and Fifth street from Maple avenue to Spring street was from the Los Angeles Consolidated Railway Company, which proposal offered to give \$100 per mile for the franchise. Referred to the Board of Public Works.

#### CHANGING THE FIRE LIMITS.

An ordinance, amending the fire ordinance so as to include in district No. 3 of the fire limits, lot 12, block 8, in Mills's subdivision of the Sabichi tract, and also to include in the same district the lot of the Oil-burning and Supply Company on the opposite side of Alhambra avenue, was adopted.

The City Engineer supplemetally reported:

"An ordinance of intention to grade, gravel and construct a cement sidewalk and cement curb on Norwood street from the south line of Washington street to the north line of Twenty-third street, said work to be done under the bond act, I having estimated the cost of said work to exceed \$1 per foot." Adopted.

"An ordinance of intention to change the grade of Pedri street, between First and Second streets." Adopted.

Councilman Stroh moved that the zanjas be directed to take out the wooden bars in the zanjas at South and Alameda streets to the main channels. Referred to the Zanja Committee.

Councilman Munson moved that the property-owners on Pearl street, between First and Second streets, be granted permission to grade and gravel said street under specifications No. 5, and that the City Attorney be instructed to present the necessary ordinance. Adopted.

#### CHANGING UP HIS CONTRACT.

A communication from Charles A. Alexander said:

"I find that in making my figures for street sprinking that clearing caused me to make a bid for much less than the work can be done. I therefore find it impossible to complete my contract and make my bond. My certified check for

\$2292 per month for all graded streets and \$18.47 per month for each additional mile.

The proposals were referred to the Board of Public Works.

Bids for the改善 of Main street between Washington and Jefferson streets were as follows: J. B. Hughes, \$1.26 per foot; M. Zuretti, \$1.22; A. S. Helmich, 95 cents; J. E. White, 95 cents; Frick Bros., \$1.01; C. Scherer, \$1; Ramish & Marsh, 99 cents.

On motion the clerk was directed to re-advertise for a period of two weeks for bids for street sweeping.

The clerk announced the table was clear and one of the members made a motion to adjourn. Councilman Hugo Smith moved that the motion be carried over, but the motion to adjourn prevailed in spite of his expostions. He stated just afterward that he wanted to bring up the matter of the proposed removal of the license tax from the wholesale liquor dealers.

Splintered wood was presented by him regarding the question of the city's water rights on certain lands near Tropicana.

Councilman Pessell moved that the City Engineer present an ordinance establishing the grade of Davaadore street. Adopted.

The resolutions were approved as presented.

#### MOTIONS.

On motion of President Teed, the name of the fund known as the gas fund was ordered changed to read "street lighting" fund.

President Teed moved that the Street Superintendent be directed to lay up Thirty-third street, between Main and Grand avenue, where the same is not already done. Referred to the Board of Public Works.

On motion of President Teed, the Street Superintendent was directed to fill in and grade the chuck holes on Twenty-third street, near Toberman street.

FINANCE COMMITTEE.

The Finance Committee convened in the matter of the final statement of the City Tax and License Collector in reference to the delinquent taxes and penalties for the month of July, 1894. The collector showed the total delinquent amount to be \$11,557.14. Of this amount he had collected and turned over to the City Treasurer \$10,077.01. Of the balance, \$300.79 had been purchased by the city and \$172.71 remained uncollected.

On motion of the same committee, the Street Superintendent was allowed to retain his present book-keeper at a salary of \$75 per month.

On motion of Councilman Smith, the Building Committee was directed to procure a room in the city building, suitable for the milk inspection.

Councilman Linn moved that the City Engineer be directed to define the property line on the circle of the court at Lakeshore avenue and Court street.

Adopted.

#### PUBLIC WORKS.

The Board of Public Works reported the following recommendations:

"We recommend that the Main-street and Agricultural Park Railway Company be directed to have the culvert removed at Fifth and Wall streets, and have its tracks so constructed as to conform to the established grade." Adopted.

"A drainage ditch was laid and was granted permission to do some grading at Sand street and Broadway, in connection with grading there. He promised to be responsible for any damage done by it, and the permission was granted.

The Chief reported on the petition of F. Lazarus for a saloon license at No. 650 Main street.

The application had been granted the consent of the owners of slightly less than the two-thirds frontage usually required. The permit was granted.

The report on the petition of T. Hayes for a saloon license at No. 707 East First street, was accompanied by a protest of the Board of Health, who said the granting of the license was causing trouble.

The Chief also reported through Secretary Moffat on the application of M. O'Farrell for a restaurant liquor license at No. 300 Alameda street, from J. H. Bridges, and of Joseph Gresovich for a license at No. 628 Eighth street, were referred to the Chief.

An application of L. H. F. Peck for a transferred saloon license from No. 209 South Spring street to 201 South Spring street, was granted.

The Supervisors held a short session yesterday with all the members present except Mr. Cook.

Providential school bonds to the amount of \$2000 were voted to the John A. Pirtle Company for \$100 premium.

The board took under advisement the bids for metallic shelving and for fumigating tents.

During the morning the Supervisors held another informal conference on the tax levy, but did not come to any agreement. It appears that the interest and sinking fund shortage is again causing trouble.

Payments on the bonded indebtedness now stand at \$213,571 less than they should be under the law, and to square matters up to date it will be necessary to raise \$300,000, in round numbers, in addition to the regular expenses. Last year the District Attorney recommended a tax of 10 cents to this matter, and they promised to levy enough each year for eight years to make up the deficiency. This they did not do this year, as they took the Auditor's figures, which were almost a hundred thousand dollars short. It is the impression that there will be a marked increase in the regular expenses.

In 1893 the Supervisors voted to

"We recommend that the petition of C. H. Miller and others, asking to have the alley running north and south from Seventh street to the junction of the alley running east and west in block 19, Ord's survey, graded and gravelled, without a curb, according to specifications No. 5, be granted, and the City Engineer instructed to prepare and present necessary ordinance." Adopted.

"We recommend that the petition of F. Lazarus for a saloon license at No. 137 South Adams street, Main street, be granted, as was also the application of C. T. Buchanan for a saloon license at No. 1 Olympia street.

The Chief also reported through Secretary Moffat on the application of M. O'Farrell for a restaurant liquor license at No. 300 Alameda street, from J. H. Bridges, and of Joseph Gresovich for a license at No. 628 Eighth street, were referred to the Chief.

An application of L. H. F. Peck for a transferred saloon license from No. 209 South Spring street to 201 South Spring street, was granted.

## PASADENA.

## BOARD OF TRUSTEES TRANSACT MUCH BUSINESS.

More Important Street Improvements to Be Start—Fire Box Sheds Do Not Go—More Lights Wanted.

PASADENA, Sept. 11.—(Special Correspondence.) All the members of the Board of Trustees were in their seats at the meeting this afternoon, though the familiar form of Clerk Dyer, who is basking in the sea breeze at Long Beach, was absent, and Deputy Bangham supplied his place.

The board discussed the petition of Mr. Gilroy & Torrance, assignees of the contractors, to rescind the action taken August 21, 1893, when it set aside the assessments for sidewalk and curbing on the east side of Grand avenue, on the prayer of Gertrude C. Rose. It appears that the property owner aimed at by the petitioners in this instance is George Elwes Hutchins, who refused to pay for the sidewalk, claiming the work was not up to specifications. The board will instruct the Street Superintendent to investigate the condition of the work, and the City Attorney to look up the law in the matter, to report at the meeting of Sept. 24.

Mrs. Martha Ward, owner of block B, in McCalley's addition to Raymond addition, was present with a petition, asking the board to vacate the street known as Eastern avenue, which, according to the petitioners, is in a state of almost continual activity.

The following ladies and gentlemen rowed toward the Pebble Beach last night by the pale moon's light, and indulged in old-fashioned potato bakes, with several modern improvements: Miss M. E. Dehann, H. H. Smith, Miss Lucy H. Smith, Mr. Fyndall, Miss Alice Tyrrell, Harry Fox, Mrs. F. W. Chase, Mrs. E. A. Morris, Mrs. Knight, Miss Agnes Knight and Charles Knight. The flashlight from Echo Mountain was visible in all its variable motions, and aroused much interest and enthusiasm, especially among the Fassendens of the party.

Mr. J. S. Stannam, Dr. and Mrs. E. A. Stannam, Miss Anna Roeder, E. H. Buck, Mrs. L. A. Adams, A. D. Shields, J. H. Portfield, E. E. Gordon, Miss Hattie La Dow and Mrs. Kleckner composed a jolly party who had half day's sport on the Fleetwing Trolling and still fishing at the Metropole.

Capt. Alfred S. Boucher and Charles L. Fox of Riverside are over for a few days, and are giving a stir of their own.

Mr. and Mrs. G. J. Stannam are occupying their recently-completed cottage on Whittley's bay.

J. H. McDonald, after spending the summer months on Catalina, has returned to his home in Los Angeles.

Among those registered at the Hotel Royal yesterday were: W. R. L. Campbell and wife, Mrs. L. W. Storror, San Francisco; C. B. Baker, wife and daughter, L. D. Baker and wife, Chicago; A. Campbell Johnson, Garverzana; T. J. Maitland, Glendale; E. H. Buck, Bradford, Ont.; Mr. and Mrs. J. S. Noble, Tucson, Ariz.; Mr. and Mrs. J. C. P. Morehouse and Miss Vera Morehouse of Newport, R. I., who are making a tour of the Southern California resorts, arrived on the steamer yesterday and are registered at the Metropole.

Capt. Alfred S. Boucher and Charles L. Fox of Riverside are over for a few days, and are giving a stir of their own.

Mr. and Mrs. G. J. Stannam are occupying their recently-completed cottage on Whittley's bay.

A resolution, accepting the Raymond avenue pavement, between Colorado and Vine-yards streets, was read and placed on the table.

The ordinance establishing the new grade of Pleasant street was read the first time and placed upon its passage.

L. P. Hansen presented a petition asking a franchise to construct, maintain and operate a road or double track electric railway on a route described as beginning at the intersection of Fair Oaks avenue and Bellevue drive; thence eastward to Raymond avenue, and the right to change the present horse car lines to electric along and over Colorado street, Raymond avenue, and the corner of Fair Oaks avenue to the northern city limit.

A resolution authorizing the administration of such a franchise for sale to the highest bidder was passed.

A resolution of intention to pave with asphaltum Raymond avenue from Colorado to Union street was passed.

The Clark recorded a preliminary formal notice of petition to the board, and a resolution ordering the work done was read and passed.

The subject of a need of an inspection of new buildings was brought up by one of the Trustees, who gave his opinion that the building should be officially inspected, and declared that a building inspection was needed for the city to look after the same.

A general discussion was entered into by the board, and a resolution ordering the work done was read and passed.

Resolved, that J. A. Buchanan, Street Superintendent be and hereby authorized to examine the building now being erected by A. Campbell on West Colorado street, near the living room of Wiley & Greeley, and determine whether or not the same is of suitable strength to insure safety of life and limb, as the upper story of said building is to be used as a public hall.

A protest received from numbers of Kanawha property owners against paying their assessment for street betterments, was received and held over to a subsequent meeting.

A protest received from the property owners against the laying of a cement sidewalk on the east side of North Raymond avenue, from Chestnut to Villa streets, will be read at the meeting of Sept. 24.

A petition of residents and taxpayers asking the board to locate an electric light on the corner of California street and Lake avenue was received and placed on file.

Property owners on South Moline avenue petitioned the board to cause their sidewalk to be laid on the north side of the street, and the board agreed to do so.

George S. Turner wanted permission to build a 14x16 foot wood and corrugated iron addition to the brick building at No. 30 North Raymond avenue, but the board would not grant it.

The subject of the City Treasurer's account with the National Bank was received and placed on file.

John T. Buchanan, City Tax Collector, reported that he had appointed W. S. Lacy deputy tax collector in place of W. O. Swan, Jr., resigned. The board approved the appointment and fixed the salary at \$15 a month.

E. W. Hahn appeared before the board with a petition from Orren H. Hart for permission to put up a wood and corrugated iron addition to his stock yard on Hay standing on the corner of Raymond and Union street. The board informed him that a similar request for such a structure had been denied, as it could not be granted under the ordinance, and he was given permission to withdraw the petition. After the meeting was over the board discovered with astonishment that the shed had already been put up and was nearly completed.

The Auditing and Finance Committee reported bills aggregating \$312.49, which were ordered paid.

PASADENA BREVITIES.

J. R. Townsend will go to Oakland Wednesday to represent Pasadena's delegate to the State Y.M.C.A. Convention, which will meet in Oakland on the 13th.

At a semi-annual meeting of the Young People's Baptist Union, held Monday even-

ing, the following officers were elected: Miss Mirth Camper, president; Carroll Nelson, vice-president; Miss Nettie Norton, recorder; Miss Anna Brundage, corresponding secretary; Miss Alice Martin, treasurer. A business meeting will be held Wednesday evening at 7 o'clock.

Carl C. Thomas, son of Dr. G. Roscoe Thomas, left today for Cornell University, N. Y., to continue his studies in engineering, where he expects to take his degree one year hence. Carl has the distinction of being the first student on the ground at Stanford University at its opening session, which was three years ago.

Thursday Mrs. McCaldin and daughter will start for New York, to be accompanied by a son as Chicago by Ralph Skillen.

Rev. M. C. Hayes left on the overland for Chicago Monday evening, leaving his family to spend the winter in Pasadena.

G. A. Gibbs, Esq., will, on Wednesday, start for a trip to New York and other Eastern cities to attend the winter meetings.

Miss and Mrs. Parker, Prof. Hammond, W. H. Hill and Fred Hill returned today from Camp Wilson.

Now, it is said, unofficially, that the township convention will be held here Saturday afternoon.

Judge Terry was returned from Long Beach, leaving Mrs. Terry there to remain a while longer.

Hermon R. Hertel has returned from his Catalina trip.

## CATALINA ISLAND.

AVALON, Sept. 11.—(Special Correspondence.) Dove and quail shooting and boating by moonlight, added to the everyday attractions for which Catalina is famous, keep the island in a state of almost continual activity.

The following ladies and gentlemen rowed toward the Pebble Beach last night by the pale moon's light, and indulged in old-fashioned potato bakes, with several modern improvements:

Miss M. E. Dehann, H. H. Smith, Miss Lucy H. Smith, Mr. Fyndall, Miss Alice Tyrrell, Harry Fox, Mrs. F. W. Chase, Mrs. E. A. Morris, Mrs. Knight, Miss Agnes Knight and Charles Knight. The flashlight from Echo Mountain was visible in all its variable motions, and aroused much interest and enthusiasm, especially among the Fassendens of the party.

## ORANGE COUNTY.

## A MEETING OF THE BOARD OF SUPERVISORS.

Hay Thieves Caught in the Act—A Drunken Row in Which One Man Was Badly Hurt—Personals.

SANTA ANA, Sept. 11.—(Special Correspondence.) The Board of Supervisors met this (Tuesday) morning, the full board being present.

Mr. Livergood appeared, before the board and requested that the reduction made on one of his printing bills at a recent meeting be reconsidered, and the full amount allowed, but the request was denied.

The chairman of the board was instructed to sign the certificate necessary for the commitment of George Forster, son of Adam Forster, to the reform school at Whittier, the father to appear to the board and to take care of the boy in the school.

A. Guenther and others appeared before the board in reference to the county project to extend the east side of the Santa Ana River, near O'More. The request of the board was referred to the County Surveyor, with instruction to examine and report to take care of the necessary steps to protect themselves.

Two Mexicans who raised a row with the day laborers on Monday night, were taken before Justice of the Peace F. W. Richards for collecting liquor in and near the county seat and disturbing the peace and dignity of that portion of the neighborhood.

The Orange County Republican Club will meet tomorrow (Wednesday) evening in G.A.R. Hall. A full attendance is desired, as business of importance is to be attended to.

GEORGE E. FRANKLIN,

Observer, Weather Bureau.

An item from St. Louis published a few days since was construed by some as reflecting upon the credit of the Mutual Benefit Life Insurance Company of Newark, N. J. The paragraph had reference to the Mutual Benefit Life Association of New York. The Mutual Benefit Life Insurance Company of Newark, N. J., is one of the oldest and strongest in existence.

We have just received a large quantity of fancy cabinet Paris panel photographic frames, gold, white and gold, for the following prices: 40c, 50c, 70c, 75c, \$1, \$1.25, \$1.50, \$2 and \$2.50. We also have these goods in every description from the very finest to the very cheapest. See the display in our show windows. Sunborn, Vail & Co., No. 123 South Spring street.

We have bought for spot cash from Eastern manufacturers, two carloads of pianos and one carload of sewing machines. These goods are en route, and purchasers will save money by dealing with Williamson Bros., No. 337 South Spring street.

Mrs. Cora Farnsworth Parsons died in this city September 10. Her remains were embalmed by Dr. C. Howey, and will be taken to Council Bluffs, Iowa, for interment, by her widow, Dr. Irving U. Parsons.

St. Paul's Church. The committee charged with the care of pews will be in attendance at the church on Thursday, September 13, from 3 to 5 o'clock.

The funeral of J. P. Nichols took place yesterday afternoon from the new funeral parlors of C. D. Howey, Fifth and Broadway.

Visited the Arrowhead Hot Springs, the finest mountain resort on the Coast. See notice under hotels.

Krejgel & Brosse, funeral directors, corner Sixth and Broadway. Lady attendant. Tel. No. 242.

A fine premium sewing machine with the Safety and Weekly Mirror one year for \$15.

The Investor (G. A. Dobinson, editor) published Wednesdays. On sale at news stands. Dr. Lawrence, No. 307 North Spring St., No. 1287. Residence, Sixth and Pearl streets. For building news, read today's Builder and Contractor, office No. 125 South Broadway.

Mantle tiles, office fittings, hardware lumber, H. Bohrman, No. 514 South Spring.

A large, well-lighted front room on the third floor of Times building for rent.

Dr. Loomis, removed to 341½ South Spring. "Hamman special" reduced to 25 cents.

Breached celery at Althouse Bros. today.

The Fire Commission will meet this morning.

The public schools opened yesterday with an attendance fully up to expectations.

There are undelivered telegrams at the Western Union telegraph office for Levy & Bassett and John C. Wray.

The attendance of visitors at the Public Library was unusually large, and nearly the whole force of employees were kept busy at the counter.

E. C. Bowler, the attorney, had the misfortune to lose one of his little twin boys, Johnnie. He would have been three years old the 20th of this month, and his untimely taking off is a great blow to his grief-stricken parents.

Rev. J. T. Hendry of the Park Congregational Church preached at the Pacific Gospel Union tent last night. There are many calls for service on the part of men who cannot find employment, many of them with families who are in distress.

The wife of Dr. Irving Parsons, assistant surgeon at the County Hospital, died Monday night after a short illness. Dr. Parsons will start East with the body this morning. During his absence Dr. S. M. Hilt will act in his place at the hospital.

The State Normal School opened yesterday with 405 students and about four hundred pupils in the model school. Pupils were refused admittance to the first seven grades because they may had applied that there was no room for them. Everything is now in working order and moving smoothly.

Miss Hazel Keyes, the actress, has tendered her services for the Bonham benefit, which is to take place at Athletic Park next Saturday. She will give a balloon ascension and double parachute jump, with the performing monkey, Jennie Yan-Yan, or Miss Keyes will make the ascension and jump alone, just as the committee desires.

A number of property-owners appeared and were heard before the Sewer Committee yesterday, demanding the opinion in reference to the Hill-street main sewer, asking that the taxpayers of the district be not compelled to pay for a sewer larger than they need in order to accommodate the sewage from a district above. The committee took the matter under advisement.

At the annual meeting of the Southern California Loan Association last evening the following directors were elected for the ensuing year: C. E. Donnatin, P. R. Wilson, W. L. Baker, W. Devereux, George Bassett, R. N. Bulla, S. R. Goble, W. S. Pollock and O. K. Cushing. The officers are O. M. Cushing, president; C. E. Donnatin, vice-president; J. H. Martin, secretary; J. D. Elliott, treasurer, and R. N. Bulla, attorney.

Articles of incorporation of the J.-M. Hale Company were filed with the County Clerk yesterday. The objects of the company are to buy and sell real estate, dry goods, wares, etc., and transact a general merchandise business. The capital stock is \$50,000, divided into 500 shares of \$100 each, and is to continue

## BOYLE HEIGHTS.

## Numerous Candidates for Councilmen Coming to the Surface.

The Councilmanic pot is beginning to boil in earnest, and there already numerous aspirants for the honor of being Dr. Campbell's successor. Among those who are known to be in the race for the Ninth Ward are: Mr. Joseph of Southport, Ct., registered at the Nadeau yesterday.

J. C. Brown, wife and child, of Lagrange, are stopping at the Hollenbeck.

W. Meikle and wife of Salt Lake City registered at the Westminster yesterday.

Mrs. H. Weiss and Miss Witt of Greenville, Miss., arrived here yesterday, and are at the Hollenbeck.

E. A. Adams and wife of New York arrived from the East yesterday, and will be at the Nadeau for a few days.

Mrs. L. E. Hale and Miss Townley of Vancouver, B. C., are domiciled at the Westminster for a few days.

Dr. R. Moore left on the overland last night for the West. He is in the East to night about two months.

Mr. W. H. Hobart, of Pasadena, was visiting Mrs. George Ferguson, at No. 310 South Soto street, yesterday.

Charles Young, of Powers & Young, and Mrs. George Crow, a trio of prominent citizens of Pasadena, were among the arrivals from the interior at the Hollenbeck yesterday.

E. H. Thompson and wife of Chicago, and the latter's father, E. H. Knight of Santa Barbara, are at the Westminster.

Among the arrivals at the Nadeau yesterday were O. H. Hobart, A. E. Taylor and W. N. Chamberlain, a trio of prominent citizens of Pasadena.

Mr. and Mrs. A. W. Rose, Master H. Rose, child and maid, arrived from San Francisco yesterday, and are temporarily residing at the Westminster.

A merry party, consisting of Messrs. A. M. Curry of Brooklyn, T. H. Shuyler of New York, R. H. Cooper and Miss Mamie Cooper of Orange, are in town for a few days, and have quarters at the Nadeau.

S. C. Baxter, a Big Four railroad man from Indianapolis, who has been on a flying visit to his family in Redlands, returned East last night, but will, in all probability, make his permanent residence in Southern California for the near future.

W. H. Hill, the inventor of the toboggan slide, though claiming Chicago as his home, is really a resident of this city. He resides, with his family, on Temple street. He built the first slide in Atlantic City, N. J., in 1872. Since that he has built them all over the world.

J. S. Patterson and S. K. Lindley have leased the large corner storeroom in the new Chamber of Commerce building, corner of Front and Broadway. They will occupy the Broadway end of it themselves as a real estate, loan and investment office, and sublet the remainder to other firms who may fancy offices that are so nearly all plate glass and "front."

The Sultan and Armenians.

LONDON, Sept. 11.—Replying to representations made by the Armenian communities in England, India and the United States, the Earl of Kimberley, Secretary of State for Foreign Affairs, replied that he had received a diplomatic report from the British Consul at Angora, Asiatic Turkey, saying that in accordance with the instructions of the Porte, 170 Armenians sentenced by the Yassogat court, have been released and orders given to reopen the case of seventeen condemned to death.

It not only cures but

A single application is often sufficient to afford instant relief, permit rest and sleep, and point to a speedy, permanent cure.

CUTICURA WORKS WONDERS because it is the most wonderful skin cure of modern times.

It is HIGHLY RECOMMENDED BY ALL PHYSICIANS who have tried it.

IT IS AS PALATABLE AS MILK OR HONEY

and it GUARANTEED to contain 50 per cent of PURE NORWEGIAN COD LIVER OIL together with the Hypophosphites of Calcium and Sodium.

Free Samples at HEINZMAN'S 322 N. MAIN.

THE TOBOGGAN SLIDE.

It Opens for Business and Promises to Be IMMENSELY POPULAR.

The great toboggan slide just constructed on Broadway, between First and Second streets, opened for business yesterday, and was the scene of much interest and merriment till a late hour last night, hundreds of people contending good-naturedly for a ride, which certainly tries the nerves and more like flying, than any other sliding contrivance. Although the sensation is good indeed, if excess is, it is a good deal like falling from the top of a ten-story house. It was generally conceded by those present that it is the most wildly exhilarating and entirely fascinating outdoor sport that has ever offered itself in Los Angeles.

The slide, it is claimed, is the largest in the United States, the track being a full half a mile in length, and 500 feet longer than the one in San Francisco. It cost a little over \$5000, and 40,000 feet of lumber were used in its construction. It is what might be called a toboggan slide, but it is not a slide, as the track winds around and around at different elevations, sometimes above and sometimes below, till in places there are three tracks, one above another, though they seem to be a dozen as the car is speeded along downwards. The journey of half a mile is made in ninety seconds, or one minute and a half.

The car is large enough to accommodate four people comfortably, and is nicely upholstered. Passengers seat themselves in it and are drawn up an incline, 125 feet in length, by an endless chain, propelled by an electric motor of ten-horse power, to an altitude of forty-five feet, remaining there starting again, when the car releases itself automatically and begins its thrilling descent, whizzing around curves, plunging down steep grades, now up, now down, till the minute and a half seems like a lifetime before it comes to a standstill on the original place of starting. It is a sensation to be remembered, and even the very timid seem to enjoy it, and take ride after ride. The fare is 10 cents a trip. The slide in San Francisco has been in operation three months, and is said to have carried in that time upward of 80,000 persons, and the number of people having ridden in a single day, a Sunday, is 1000.

How popular it may be here one cannot yet say, but the place will be fixed up attractively as a resort. All the back part will be floored and canopied and the whole place furnished with comfortable seats for spectators and visitors. In addition, there will be a cafe in which ice cream and other temperance beverages and luxuries will be served at popular prices.
